

General Practice Introduction

practice proposal

introduction

Roger Patterson started to practice as a sole practitioner in 1990 in Carlow and was joined by Mark Bannon in 1991 and Mark became a partner in 2000. Our offices are located in Carlow and Kilkenny with a staff of 17.

Our client base ensures that we have worked on projects nationwide. The work we undertake is varied ranging from residential, social & affordable housing, commercial, office, mixed use, educational & health care.

Our offices are computerised and offer 3D imagery, 2D graphic presentations, job management software and drawing production facilities along with ease of conversing with other team members and clients.

OUR AIMS ARE TO OFFER

1. Contemporary design with an emphasis on quality.
2. Meeting programme deadlines
3. Professionally qualified project management service for supervision of projects.
4. Professional integrity
5. A personal commitment to each job with direct involvement of at least one of the partners

method statement

Patterson Bannon are committed to offering the highest standards in professional practice and as part of that commitment we apply best practices for the industry as outlined in the RIAI GPG rev. 3.

An integral part of the practice ethos is to ensure we meet our clients requirements both in terms of brief and budget. We ensure this by liaising constantly with the client and the project design team.

We conduct regular quality control assessments of all projects to ensure we maintain the highest standards possible.

We have an active CPD programme within the office for all staff members.
